This was just an FYI. I was then picking your brain on how you may prioritize things.

Gary,

I have no knowledge of the emergency hearing that took place on Tuesday. I will outline a scope of work based on the amount of funds that the Trustee (D. Askanase) notifies me are available. Naturally, critical issues would take first priority. As previously stated, David Askanase should be directly contacted concerning available funds. He can be reached at 713.759.0818.

I heard through TCEQ that there was an emergency hearing on Tuesday authorizing the release of \$160,000 to address site issues.

When or if you get those funds, what would your priorities be?

Thanks  
Gary
